BRAND VALUES

Here at Molten we value:

- Delivering happiness in the form of a drink.
- We strive for authenticity
- We want to be helpful
- Support people and lift their spirits

MISSION STATEMENT

Although the intended purpose for drinking a Michelada is to cure a hangover and lift the spirits of anyone who had too much to drink the night before, We also believe in our great tasting product and want people to enjoy a great tasting product regardless of the situation.

Our intent is to deliver a delicious drink that can be paired with a beer for maximum satisfaction but is not limited to just a cocktail mix.

The background of the entire image is a close-up, high-contrast photograph of molten lava. The lava flows are dark, almost black, with bright yellow and orange highlights where the surface is more reflective or where the heat is more intense. The texture is rough and cracked, with jagged edges and deep crevices. The overall effect is one of intense heat and raw power.
